

REPRESENTATIVE DRIEHAUS WELCOMES HHS GRANT FOR UNIVERSITY OF CINCINNATI

WASHINGTON, DC—Representative Steve Driehaus today welcomed an announcement by the U.S. Department of Health and Human Services (HHS) of an award of \$245,146 for the University of Cincinnati. The funding will support medical research at the university.

“The University of Cincinnati is a premier research institution and important asset to our medical community. This funding is a smart investment that will benefit Cincinnati and help U.C. continue its important work,” said Rep. Driehaus.

This grant will support a research project entitled, “The molecular basis for high density lipoprotein heterogeneity,” and will be under the direction of Dr. Sean W. Davidson of the Department of Pathology and Laboratory Medicine.
